

# The South Carolina Suitcase Project

Because every kid should have a great journey, whether it is from one home to another or around the world.

The SC Suitcase project collects Suitcases and Backpacks for children in foster care, in shelters, or homeless kids. Having a way to transport belongings in a real suitcase and the dignity of not using a garbage bag can have an impact. Many kids go to school with their books and supplies in a grocery bag.

**What:** Bring in your gently used suitcases & backpacks for foster care children.

**When:** Friday, April 26 during Shabbat Service.

**Where:** Congregation Beth Yam.

We will have a table set up for collecting  
your kind donations!
